

Listening to *God* through our *Dreams*

How do our dreams speak to us?

A day's workshop to help us understand the messages of our dreams. Dreams are an amazing doorway into the world of the unconscious, revealing fascinating insights into what is happening inside us. This workshop will include an explanation of the dreaming process and some simple methods for interpreting our own dreams. The bible often refers to the importance of dreams and of people being divinely guided.

- If you recall dreams from any period of your life please write them down and bring them with you to the workshop.
- "Dreams that are not interpreted are like letters which have not been opened" The Talmud

Sr Pat Quinn will be leading the workshop. She is a Missionary Sister of Service and has a long experience in exploring dreams. Sr Pat is also a qualified counsellor.

Sychar House of Prayer & Spirituality - 69 Margaret Street, Toowoomba
Saturday 30th May, 2020
