1. Executive Summary

1.1 Context

Australian Catholic Safeguarding Ltd (ACSL) was established in 2020, to bring together the work of Catholic Professional Standards Ltd (CPSL), the Australian Catholic Centre for Professional Standards (ACCPS) and the Australian Catholic Ministry Register (ACMR). ACSL is a company limited by guarantee, owned by the Australian Catholic Bishops Conference, Catholic Religious Australia, and the Association of Ministerial Public Juridic Persons.

ACSL is committed to fostering a nationally consistent culture of safety and care throughout the Catholic Church in Australia. This includes providing a range of services to support the implementation of the National Catholic Safeguarding Standards (NCSS), a framework for the protection and care of adults at risk and children. ACSL maintains the NCSS, undertakes audits and reviews of Church entities, and publishes reports which demonstrate a Church entity's commitment to the NCSS.

ACSL's core values are courage, compassion, and honesty. These values guide the way we work and inform cultural change within the Catholic Church and the wider community. We take our duty to care for and protect all children and adults at risk seriously and have zero tolerance for abuse of any kind.

This audit report includes the results of the assessment against the National Catholic Safeguarding Standards for the Diocese of Toowoomba (Diocese).

1.2 Background

The Diocese of Toowoomba covers a substantial geographical area of southern and south-west Queensland, with a total population of 272,114 people (Census 2016). Of these 24% are Catholic: 65,212. Annual parish statistics indicate that over 5,000 people (9% of the Catholic community) are actively involved in the thirty-seven parishes across the diocese.

This landmass is home to several First Nations peoples, identified by Traditional Owners through historical and cultural connections. The Diocese is a multicultural community embracing some forty-two countries of origin as identified by birthplace and language use (ABS 1999), especially in the east in the region around Toowoomba. There are twenty-four faith-based institutions in the region (Census 2016).

The Diocese has been assessed as a "Category One" Church entity for application of the NCSS (Working with Children). There are 10 NCSS Standards, 49 NCSS Criteria and 111 NCSS Indicators that apply to Category One entities. For further details of the category system and the Indicators which are applicable, refer to the NCSS documentation available on the Audit Framework page of the [ACSL website](#).

Our assessment of the Diocese of Toowoomba's compliance with the Category One Indicators is detailed in Section 2 of this report. Our recommendations for improvement, including the Diocese of Toowoomba's management responses, are included in Section 3 of this report.

The full audit report is also publicly available on the Publications and Reports page of the [ACSL website](#).

1.3 Audit Approach

The purpose of the NCSS is to build a culture of shared responsibility for safeguarding and to ensure that policies, practices, and codes of behaviour work together to prevent, detect, and respond appropriately to potential or actual incidents of child abuse.

The audit processes we have undertaken are intended to provide reasonable assurance that safeguarding controls have been designed appropriately and are operating effectively. Therefore, this report provides a

point-in-time assessment of the safeguarding practices implemented by the Diocese of Toowoomba and the extent to which it meets the requirements of the NCSS. Our testing procedures included the following:

- interviews, observations and enquiry with the Diocesan and parish leadership, clergy and relevant ministerial personnel, and the Diocesan Safeguarding Committee.
- visits to Parishes and Diocesan Ministries.
- review of key safeguarding documents, policies and procedures; and
- assessment of the design and testing of the operation of safeguarding controls implemented by the Diocese.

The audit commenced with a desktop audit in January and a site visit from February 12th to 23rd, 2022.

The audit included detailed in person interviews and review of safeguarding documentation in a sample of six parishes chosen randomly across the Diocese. The audit team also reviewed procedures in place around the operation and management of the diocesan ministries – Aboriginal Apostolate, Special Religious Education, Catholic schools, Catholic social services, and the Social Justice Ministry.

As part of this audit, ACSL also had discussions with key personnel at the Catholic Schools Office Toowoomba and CatholicCare Toowoomba. The activities of these entities, including their child safety practices, are subject to existing regulatory requirements and external accreditations – under the ACSL audit framework, these entities are not re-audited by ACSL, although both entities were required to provide declarations to ACSL regarding the extent of regulation and audit processes that are in place.

As such, the findings, recommendations, and management actions in this report pertain solely to the ministries or activities of the Diocese which are not subject to assurance processes and should not be construed as applying in any way to the activities of Catholic Schools Office Toowoomba or CatholicCare Toowoomba.

1.4 Overall Audit Findings

Assessment of the implementation of NCSS Indicators has been determined using a four-point maturity scale¹.

Our assessment indicates that the Toowoomba Diocese has fully implemented or has substantially progressed in the implementation of 90 (87%) of the 103² Indicators which are relevant to their operations.

There are 13 indicators (13%) in the initial stages of implementation.

The key findings from the audit are summarised below.

NCSS Standard 1 – Committed leadership, governance and culture

The Diocese has a dedicated Executive Officer focused on safeguarding and a Diocesan Safeguarding Committee which is responsible for overseeing the implementation and monitoring of compliance with the NCSS.

A comprehensive suite of safeguarding materials and guidance has been developed and provided to clergy, diocesan personnel and parishes. This includes a detailed Diocesan Safeguarding Policy (June 2021), Diocesan Commitment Statement (January 2021) and Safeguarding Code of Conduct (March 2021). Each parish and ministry have been provided with a hard copy pack of the safeguarding policies and materials (with soft copies available on the diocesan intranet), along with associated training and instruction. The Executive Officer provides support and direction through ongoing visits and regular phone and electronic communication. The progress of NCSS implementation has yet to be monitored through a “gap analysis” for each parish.

It is the expectation of the Diocese that parishes appoint a Parish Safeguarding Contact (Child Safety Officer), and this role was present in the parishes visited during the audit. The Diocese needs to continue to ensure

¹ Refer Appendix A for definitions of the maturity scale used for the Compliance Assessment.

² Of the 111 NCSS Indicators applicable to Category One, 8 of these are not relevant of The Diocese of Toowoomba operations.

the contact details for those who are willing to act as a Child Safety Officer are displayed in public areas of the parish churches, as well as in the parish newsletters/bulletins.

The Diocese has yet to fully monitor and measure a robust framework around risk management, although risk assessments have been completed by most parishes for their key activities. We noted some inconsistency amongst Parishes and Ministries in relation to the frequency of review of risk assessments. This matter has now been clarified, with additional instruction provided to Ministries and Parishes.

All Parish and Ministry risk assessments should to be forwarded to the Executive Officer for information and review. The Diocese is now developing an overall safeguarding risk register, incorporating both key Parish, Ministries, and Diocesan safeguarding risks, for regular review by the Diocesan Safeguarding Committee.

NCSS Standard 2 – Children are safe, informed and participate

The Diocese has various strategies, mostly informal, in place to engage with families and communities and obtain feedback on its safeguarding practices. This includes providing information on safeguarding in the parish bulletins; specific sermons/discussions on safeguarding during Mass; promotion of safeguarding and participation in Child Protection Week; and proactive dissemination of safeguarding information and materials by the Parish Safeguarding Contact and Parish Council.

The Diocese, Parishes and Ministries have yet to complete and disseminate child-friendly complaints materials, as well as information for children on safe and respectful peer relationships, including through social media. These materials are in the process of being developed. During the audit, ACSL suggested several sources the Diocese could draw upon to support developing these materials.

NCSS Standard 3 – Partnering with families, carers and communities

The audit findings revealed that some parishes have created their own safeguarding pamphlet/booklet for distribution to the community, which includes the parish Safeguarding Policy, code of conduct, complaint handling procedures and other safeguarding information relevant to the parish. ACSL recommends all Parishes and Ministries develop an information package for families and those people supported through ministries.

Child-friendly posters and statutory pamphlets on reporting safeguarding concerns information could be displayed in parish churches to inform families, carers and communities about their rights and to provide age-appropriate information for children to raise concerns or complaints.

NCSS Standard 4 – Equity is promoted, and diversity is respected

The Diocese has a strong focus on equity and diversity and has provided fact sheets to parishes highlighting safeguarding practices for children in various circumstances and environments.

This includes information on cultural safety for Aboriginal and Torres Strait Islander children, safety of children with a disability and safety of children from culturally and linguistically diverse backgrounds.

During the audit personnel noted that some of the parish and diocesan safeguarding information could be translated into Tagalog and Vietnamese dialects and ACSL recommends this strategy is implemented.

NCSS Standard 5 – Robust human resource management

The Diocese has comprehensive recruitment policies and procedures that outline safeguarding requirements in its advertising, vetting and screening of personnel.

However, whilst all Parishes and Ministries were aware of this documentation, not all parishes were keeping detailed notes of the vetting/selection process for parish volunteers.

Some inconsistency was noted during Parish and Ministries visits as to which volunteer roles were required to have a working with children check and/or police check, and whilst National Criminal History (police) checks have been conducted for all clergy and personnel, these are not repeated on a regular basis.

Formal performance reviews are conducted for most personnel, however safeguarding policies are not always assessed as part of this review. A recommendation is to conduct annual performance appraisals for

all personnel. In addition, the performance of volunteers is currently not formally assessed, and we would recommend that volunteers are appraised annually.

The requirement for clergy to undertake professional/pastoral supervision is encouraged by the Diocese. We recommend that the Diocese financially support clergy with the cost of supervision to further support them in their vocation.

NCSS Standard 6 – Effective complaints management

The ACSL audit does not re-assess the outcomes of individual complaints. The audit focuses on reviewing current complaint management practices, including policies and procedures in place to prevent, detect, report and respond to all incidents and complaints, and the associated training, awareness and education available for all personnel.

The Executive Officer is responsible for investigating and managing complaints and works closely with the Bishop and relevant peers in Queensland and across Australia, as well as with an external panel of senior and experienced legal practitioners.

The Diocesan Safeguarding Policy contains comprehensive complaints handling procedures. Ministries and Parishes have been provided with a variety of materials which provide greater detail and information to personnel, and the general community on the processes for reporting, investigating, and managing complaints. Audit procedures indicate that complaints handling procedures are operating effectively.

We note the requirement to maintain safeguarding records for a minimum of 50 years is documented in the Privacy Policy and is appropriately implemented.

NCSS Standard 7 – Ongoing education and training

Interviews with Diocesan staff, clergy, ministry and parish personnel indicate a strong understanding of the requirements for child safeguarding, including knowledge of the appropriate response should a complaint or concern be raised.

The Diocese has provided various forms of safeguarding training to diocesan staff, clergy, Ministries and Parishes with records of attendance appropriately kept. We note that in all Ministries and Parishes reviewed, the requirement that personnel are not to commence in child-related ministry until they have attended the required training is well understood and has been appropriately implemented.

The Diocese has also developed additional procedures to follow up and address parish volunteers who are not child facing and who perform ad-hoc/infrequent duties to receive an appropriate form of safeguarding training.

Whilst there is strong awareness and knowledge of safeguarding practices across the Ministries and Parishes, there may be an opportunity to further strengthen the consistency of practices and improve networking across the Diocese, by having the child safety officers and/or other relevant personnel come together more regularly to discuss safeguarding practices, initiatives and strategies.

NCSS Standard 8 – Safe physical and online environments

The Diocese uses the Use of Information Technology in the Diocesan Human Resource policy which outlines its expectations around online activity. Online risks are well understood and included in risk assessments for diocesan, Ministry and Parish activities where required. However, we note that some Parishes only have one administrator for their Ministry/Parish social media. We recommend that two people be allocated as administrators.

Filtering is in place to block inappropriate online activity for technological devices which are networked with the diocesan IT system. However, some Ministries and Parishes are not networked with the Diocese and may not have the requisite filtering or monitoring of their online environment in place. We recommend that the Executive Officer explore the option of working with the Catholic Schools Office to network the IT systems for the Diocese, Ministries and Parishes.

Whilst the majority of Ministries and Parishes we reviewed had informal procedures in place to manage contractors conducting work on church property, a policy for the management of contractors needs to be drafted and could then be disseminated and implemented within the Ministries and Parishes, once finalised. The Diocese and some Parishes have a hire agreement template for hiring out church premises to third parties, which contains the appropriate safeguarding clauses. However, not all Parishes were aware of, or were using, the hire agreement template. We recommend the template used by Parishes is distributed and used by all Parishes.

NCSS Standard 9 – Continuous improvement

The Diocese has a formal Safeguarding Implementation Plan, including self-audit and monitoring processes, which will be updated to include the actions arising from the ACSL audit. A meeting is planned for March 23, 2022 to will bring together clergy and personnel for a briefing on the audit findings and to jointly develop strategies to address audit findings.

NCSS Standard 10 – Policies and procedures support child safety

Key policies and procedures relating to safeguarding requirements are in place and operating effectively.

The table on the following page shows the overall compliance assessment for each of the Standards.

Recommendation #1		Priority 2
Criterion 1.1 – The entity publicly commits to child safeguarding and takes a zero-tolerance approach to child abuse.		
Criterion 1.4 – A Code of Conduct provides guidelines for personnel on expected behavioural standards and responsibilities.		
Criterion 1.5 – The entity has risk management strategies focusing on preventing, identifying and mitigating risks to children		
Criterion 1.6 – Personnel understand their obligations on information sharing and record keeping.		
Details of finding	<p>The following points were noted:</p> <ol style="list-style-type: none"> 1. The Diocese has a comprehensive Safeguarding Policy but it does not explicitly reference a zero-tolerance approach to all forms of abuse. 2. The language used in the Code of Conduct could be more accessible, that is, presented more simply for children to comprehend. 3. Some inconsistency was noted as to the frequency of review required for parish risk assessments. A risk registrar at diocesan, Parish and Ministry levels needs to be completed and a process established to review all registers on a regular basis. 4. The Diocese is yet to develop a Safeguarding Record Keeping and Information Sharing policy. 	
Recommendation	<ol style="list-style-type: none"> 1. The Diocesan Safeguarding Policy is updated to state it takes a ‘zero-tolerance’ approach to all forms of abuse. 2.
