

REDISCOVERING OUR SOUL

A Reflection Day at Sychar House, Toowoomba

Facilitated by Patrick Oliver

This reflection day will be a blend of input, quiet reflection and sharing.

The day is designed to give opportunity for us to become aware again of what we can so easily lose: a sense of our soul's wonder, mystery and simplicity. Patrick will look at ways in which we can listen to and experience the beauty and challenge of our soul, which has always known and recognised God from the beginning.
